FOR IMMEDIATE RELEASE

Geoffrey C. Finch Named CEO of The Wenger Group

Rheems, PA (January 5, 2016)—The Wenger Group is pleased to announce that on January 1, 2016, Geoffrey C. Finch was named Chief Executive Officer of The Wenger Group by the Board of Directors. Geoff will retain his title of President, and the new position will include total responsibility for Wenger Feeds, LLC, Nutrify, LLC, Dutchland Farms, LLC, and all other companies in the holding company.

“We are excited to announce this transition as a key part of the implementation of our Long Range Strategic Plan,” noted F. Barry Shaw, Executive Chairman of the Board. “Geoff has continued to develop in managing the company and is ready for this next step to lead the organization into the future.”

An Elizabethtown resident, Geoff earned a B.A. in Biology from Brown University and an MBA from Loyola College. He was hired in June of 1996 to work in the company’s Purchasing Department. Geoff was promoted to Grain Purchasing Manager and later Vice President of Operations. He was named Chief Operating Officer in 2007 and President in 2014.

In addition to Geoff’s extensive experience with all facets of the company, his respect and involvement within the industry will be an asset in his position as CEO. In 2007, Geoff served as President of PennAg Industries Association and is currently on the Board of Directors and Executive Committee of the National Grain and Feed Association.

The Board is also pleased to announce that James L. Adams, former President and Chief Executive Officer, was named as Vice Chairman of the Board. Jim has been with the company since 1980. “In this new position, Jim will continue to help lead The Wenger Group as the company transitions to the next generation. Jim has played a key role in developing the company to what it is today,” noted F. Barry Shaw.

The Wenger Group is a leading manufacturer and supplier of poultry and swine feed, feed ingredients for numerous species, specialty eggs, and allied agricultural services in the Mid-Atlantic region. For more information, visit www.wengerfeeds.com.
